

TCI 2003/2004 Catalog Addendum

Distributed by: Seyed Akhavi
 Dean of Technology

Date: October 28, 2003

Effective Fall Semester 2003, CMP-101, Introduction to Computers, will be the corequisite of TL-121, Networks in Telecommunications I. TL-121 will not have any other course requirements. This change will allow students majoring in Industrial Electronics Technology - Telecommunications Track (IETT) to be able to register for TL-121 and CMP-101 in the first semester of the program.
